NYC 10003

To Whom It May Concern:

I urge you to reject Louis DeJoy's proposed 10-year-plan, which will hasten the destruction of one of America's most essential institutions and cripple its ability to uphold and protect the basic tenets of our democracy.

Please take action to prevent Mr. DeJoy from increasing the harm he has already inflicted on the Post Office's ability to function and our citizens' right to its crucial services.

Sincerely,

Helen Eisenbach
